

Investing for a healthier future

Charlotte Regional has proudly served our community since 1947. Our commitment to sustaining the health of future generations mandates constant improvement. Over the past five years, we invested \$15.1 million in facility and service improvements, including:

- Spine Academy
- Breast Health Center
- da Vinci® Robotics Program
- Clinical Decision Unit

Committed to quality care

Our physicians, staff and volunteers are dedicated to providing high-quality care within the safest environment possible. Over the past three years, Charlotte Regional has received numerous awards and certifications, including:

- The Joint Commission Primary Stroke Center Gold Seal
- Joint Commission Top Performer on critical quality and accountability measures
- Quality Respiratory Care

**Providing better healthcare.
Supporting strong economic health.**

Charlotte Regional Medical Center recognizes its responsibility to serving the healthcare needs of Charlotte County and surrounding areas. We are also one of the community’s largest tax paying entities and employers. In 2011 alone, we paid in excess of \$1.2 million in taxes and more than \$42 million in employee wages and benefits. Over the past five years, we invested \$15.1 million in facility and service improvements.
